How much can I borrow?

How much can I borrow?

That depends on your age and the value of your home.

To be eligible for a lifetime loan you must be 60 or over and own your own home.

If you're a couple then both of you need to be at least 60 years of age, typically we loan between 15 and 40% of a home's value.

Lifetime Loans from Spry Finance - because life never gets old.
